Ockwells ProShield or other similar non adhesive sheeting products are designed to protect all kinds of floor surfaces, we recommend that the protection is fixed firmly using an appropriate tape or fixing.

We also recommended that any spillages are dealt with immediately to avoid any potential risk of slip or falls.

The company reserves the right to improve products, and any change in specification will result in a re-issue of the information sheet. Please check that you have the latest issue of the information sheet.
